## 2-Pistol Tree- Countertop Display

### Assembly Instructions

1) Attach the bars into the HDTK: Aluminum Display Track with the t-nut inside the track and the washer between the track and the bar as shown. Once set at desired height, tighten bolt until snug.

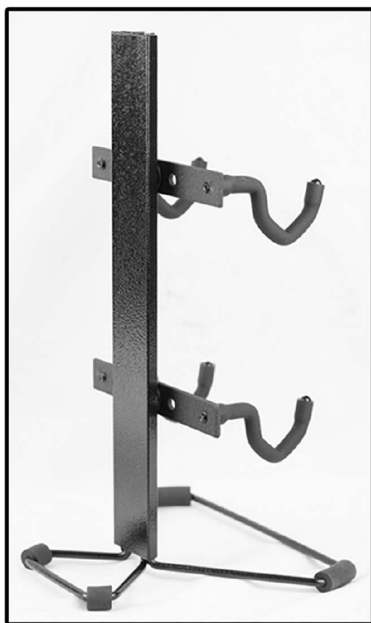

2) Place rubber cap over bolt.

3) Squeeze together open end of base and slide track onto upward pegs.

4) First insert the larger base, facing forward, then insert the smaller base, facing backward.

*Cradles pivot to accommodate different styles of guns.*
