

## Thank you for your recent purchase from Hold Up Displays.

Please take a moment to read this brief introduction in order to understand how to unpack and layout your wall for installation. You have a separate installation sheet with further details on how to physically install the rails to the wall.

All multi-length slat rail orders are packed for shipping efficiency in order for us to ship as few boxes as possible. You may have different components and hardware for multiple walls boxed together or separately. **Please open all of your boxes, separate nested slat rails and sort parts to verify all ordered components are present. Any questions? Give us a call: 1-866-443-6623.**

This sheet shows how we suggest staggering your slatwall panels based on our offerings of 24", 36", and 48" rails. This is for cosmetic purposes only to offset your slatwall seams.

### WALL WIDTHS:

#### 5 foot (60")

36"	24"
24"	36"

#### 6 foot (72")

48"	24"
24"	48"

#### 7 foot (84")

36"	48"
48"	36"

#### 8 foot (96")

48"	48"	
24"	48"	24"

#### 9 foot (108")

24"	36"	48"
48"	36"	24"

**If you purchased through our "Wall Builders" or "Quiz":** you will have automatically received the correct slatwall panels depending on your wall width. Please follow instructions below.

#### Instructions:

- 1) find your wall width on the sheet
- 2) install the bottom row first
- 3) install the top row 2nd
- 4) repeat this pattern until you reach the full height of your wall

#### Example:

**96" wide X 48" high (each rail is 6" high)**

48"	48"	
24"	48"	24"
48"	48"	
24"	48"	24"
48"	48"	
24"	48"	24"

**Note:** a 96" wide wall could be accomplished with 2 - 48" rails on each row. You will have a more visible seam down the middle.
